County Farm Group Makes Plans For Work In The Future

A brighter outlook for Palm Beach County vegetable farmers was reported Monday by County Agent M. U. Mount. Mount made his report to the County Commission at its regular meeting this week when he appeared before the board to discuss a reorganization of the county's agricultural and extension division.

Mounts said about the vegetable crop that prices on the coast were rising and that corn and beans in the Everglades were bringing a "good price." He predicted rising prices for the winter vegetables such as cabbage and escarole.

Of the reorganization, Mounts said that the office has been divided into four divisions, with the beef cattle work and demonstrations to be handled by Asst. Agent H. L. Speer, vegetable and dairy work by Asst. Agent John Causey and the 4-H Club work by William Allen, new assistant who has just joined the staff.

Mounts said he would act as supervisor of the entire program and would also head up a division devoted to tropical fruits and ornamental.

Under the new schedule, the four agents will alternate between the Belle Glade and West Palm Beach offices and that one of the four will be available every morning at each of the offices for interviews on agricultural problems.

Two Salesmen Will Cover South Florida For Ranchers' Store

Management of Glades Ranchers Supply in Canal Point announces employment of two salesmen who will begin work Monday morning of next week. Al Craigan of Sebastian and Charles Lichten of LaBelle are the men who are to cover South Florida for the Canal Point concern.

Arnold Barad and James Gibson, proprietors, believe that the local store can be of service to the hundreds of cattlemen in the southern part of the state if they can be appraised of the fact that such a store exists. Beginning Monday the educational program will be put into effect. New catalogs are being completed this week, carrying full and complete description of all items carried in the new store.

The club voted not to raise any funds outside of club-sponsored activities.

Ralph Johnson was appointed to represent the club in completing negotiations for the sale of the old Lions Hall to the Bank of Pahokee. It was announced President James W. Rardin Reports On State's New Plan Secondary Roads

A change in policy which will give the county commissions in the state closer supervision of the secondary road system, was reported to the Palm Beach County Commissioner Paul Rardin, Canal Point, one of the delegation who attended the annual meeting of the State Association of County Commissioners held last week in Tallahassee.

Rardin, who was reelected a director of the State Association, made his highway report from an address given at the convention by Richard H. Simpson, chairman of the State Road Department.

Under the new policy adopted by the SRD, the county will gain more control over expenditure of funds for secondary roads which are made available from gasoline taxes. At the present time, the commission recommends where roads and improvements should be located and the State group does the rest of the work.

Simpson told the association that in the future, additional road department engineering service will be provided for the counties to aid planning and that when the projects were put up for bids, the county commissions would sit in on the letting and have opportunity to study submitted prices before they were rejected or accepted.

Also, the new policy allows the county to serve as its own contractor which in many cases would result in a saving since the work could be done by county employees and with county equipment.

Reporting on the Association's proposed legislative program, Rardin said a meeting of the directors will be held prior to the coming session and at that time, final legislative proposals of the association will be drafted.

Other actions of the association, Rardin said, included rejecting a proposal for establishment of a state-wide tax commission and rejecting a proposal to raise homestead exemptions from \$5,000 to \$10,000.

In connection with the Rardin report, the commission instructed County Engineer J. M. Boyd to take whatever steps are necessary in getting the county highway department ready for such contract work as the commission may secure.

The board also voted to commend Chairman Simpson for affecting the policy change leading to closer cooperation between the county groups and the state organization.

Others attending the association convention were Commissioners Ben Sundy and Roy Michael; County Attorney Harry Johnston and R. E. McKee, executive secretary of the county board.

Residents are asked to have someone at their home to answer questions during this period.

The committee in charge of the census includes the Rev. W. Hal Hunter, general chairman; C. M. Todd, Mrs. Arch Blakey and Mrs. Daniels, district chairman.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Way back near the turn of the century, Mr. and Mrs. Bernard A. Kruger of Toledo, Ohio, had definite grounds for believing that their little boy, Otto, was going to make his name in the world as a musician. He could play the piano, the cello and viola, and at the age of 12 he had conducted a symphony orchestra through the bombastic William Tell overture. But after receiving his education

at the Toledo public schools and at Columbia University and the University of Michigan, Otto Kruger struggled to discover his proper niche in the scheme of life. Consecutively he tuned pianos for a living, did electric work, nearly lost his life as a telephone linesman, punched cattle and tramped around the world for an entire year. Ultimately he was bitten by the theatre bug. During the years that saw Kruger's rise to one of the most famous actors on the American stage, he headed nine stock companies. David Belasco once said of him, "He is the hope of the American stage." His talking picture debut was in "Turn back the Clock", in 1932 for MGM, while shortly afterward he appeared in "Ever in My Heart" for Warner Brothers, starring opposite Barbara Stanwyck. This picture truly launched him on his motion picture career. Today he is one of the most popular actors in cinema. See you at the movies—Mal.

Look What Cropped Up in Dixie Last Year!

More than 69,000 Rural Telephones

Last year we added more than 69,000 rural telephones. There are now over a half million telephones in rural Dixie served by Southern Bell. This year approximately 73,000 more will be added.

These new telephones are bringing increased efficiency of operation for Southern farmers, and closer contacts and better living for farm families.

Expanding and improving rural service is a big and costly job. But we're working hard at it because we know how important the telephone is to the South's overall prosperity.

Study Idea For Expanding Hospital

TALLAHASSEE — A proposal to expand the Arcadia branch of the State Hospital was presented to the State Cabinet last week. A delegation from Arcadia appeared before the cabinet in support of the proposal.

The appeal followed the cabinet budget board's recent action in recommending that the legislature appropriate \$10,000,000 for building another state hospital somewhere in South Florida for mental health patients.

Spokesmen for the Arcadia delegation were State Senator Doyle Carlton of Wauchula and Representative Chesterfield Smith of DeSoto County.

They pointed out that it would be more feasible to expand present facilities and more economical than to duplicate these facilities with a new South Florida establishment.

Fire Destroys Many B. G. Negro Homes

A fire in the Belle Glade Negro section Monday night destroyed five two-story houses at Ave. B. Place and 6th St. SW, leaving approximately 300 persons without homes.

The blaze also damaged three other small dwellings, and water and smoke made two more temporarily uninhabitable. The approximately 125 residents of these buildings were temporarily homeless.

Some of the fire victims were being taken to the Okeechobee Labor Camp, for shelter, while others were to be taken into other homes in the area.

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over, the nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

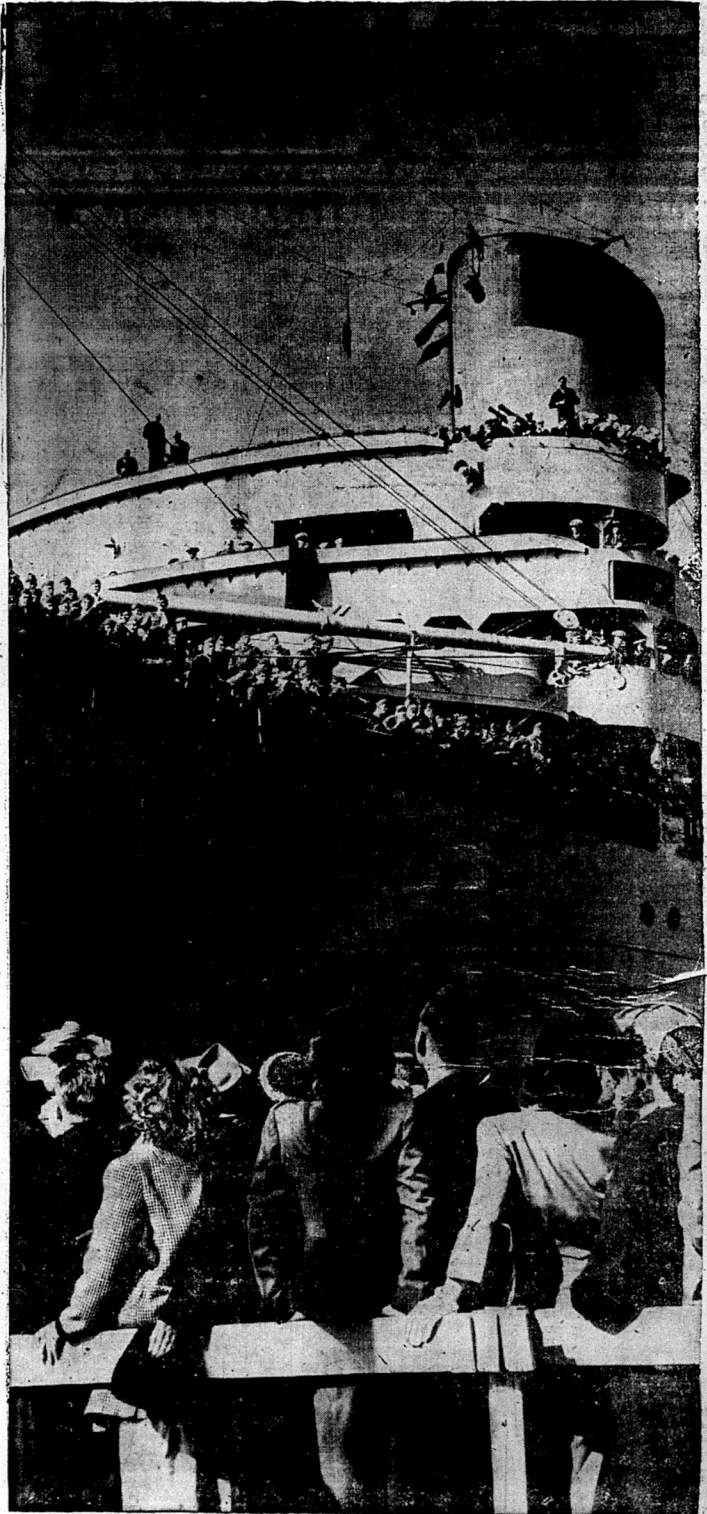

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every *Series E Bond* you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Gas Tax Can Be Taken Off Your Tax

JACKSONVILLE — Florida motorists are advised that if they know how much money they actually spent for gasoline, they can deduct 7 cents per gallon from their income tax.

Glenn P. Woodward, Jr., executive secretary of the Florida Petroleum Institute, points out that state gasoline taxes and state motor license tax are now allowed on income tax deductions because of a recent law passed by Congress. Federal tax, Woodward says, is not deductible.

This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST
10 EXTRA YEARS**

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds.

SERIES H. A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Christian Science Group Of Canal Point

"SUBSTANCE" is the subject of the Lesson-Sermon to be read in all Christian Science churches next Sunday. As the subject is developed it is made clear that true substance is spiritual, eternal, and is cognized by man only as his faith rests on spiritual understanding.

A verse from Ecclesiastes 3:14 furnishes the Golden Text: "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it."

Among Bible references is this one: "If ye be willing and obedient, ye shall eat the good of the land;" (Isaiah 1:19).

Related citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (p. 264).

Burstein-Mindlin Wedding In Miami

The starlight room of the Biscayne Terrace Hotel in Miami was the scene of the wedding of Miss Elena Burstein, daughter of Mr. and Mrs. Morris Burstein of San Cristobal, Cuba, and Karl N. Mindlin, son of Mr. and Mrs. I. Mindlin of Pahokee, Sunday, Mar. 8, at 7 p. m.

A rabbi officiated at the double ring, candlelight ceremony as the couple stood beneath a special canopy, symbolic of the home, covered with white carnations and gladioli and flanked on either side by floor baskets filled with the same flowers and candelabra bearing lighted white tapers. Soft nuptial music was played throughout the ceremony by a Cuban instrumental trio.

The bride wore a white ballerina length gown of chantilly lace and net over taffeta. The fitted bodice had a scalloped neckline and short sleeves. Her arms were covered with long matching mitts and her over-the-face veil of shoulder length was held in place by clusters of lilacs-of-the-valley and orange blossoms. She carried a white Bible centered with a white orchid with white satin streamers studded with lilacs-of-the-valley blossoms.

Mrs. Edward Arons of Hampton, Va., matron of honor and her sister's only attendant, wore a smoke grey net dress over taffeta of ballerina length, crimson half hat with a short off-the-face grey veil, crimson mitts and matching accessories. She carried a spray of red carnations.

Murray Lis of Miami was Mr. Mindlin's best man.

Mrs. Burstein chose for her daughter's wedding a rose-colored taffeta dress with matching accessories and a purple orchid corsage. Mrs. Mindlin, the bridegroom's mother, wore a powder blue silk shantung dress of street length and her corsage was also of purple orchids.

The five-tiered wedding cake was cut by the bride and groom at the banquet which followed the ceremony with the bride's parents acting as hosts.

Following a wedding trip to Mexico City, Mr. and Mrs. Mindlin will be at home to their friends on Annona Avenue in Pahokee after Mar. 15.

From where I sit... by Joe Marsh

A Difficult "Situation"

Did you see that "Classified Ad" last week? The one that wanted a farmhand—who had to be "an expert agriculturist, sheep herder, tractor driver, bridge player," plus being "an authority on chemistry and mathematics?" Slim Thomas, who ran that ad more or less as a joke, called and said, "I got 23 answers and almost every one claimed they could meet all those qualifications! That means I want to keep the man I have—'Handy' Peters.

"He was thinking of quitting but now I've got to talk him into

staying. Handy never pretends to be an expert, he's just a good all-around hired hand."

From where I sit, Slim's smart to be wary of people who consider themselves to be all-around "experts." Some folks will "expert" on anything—from the clothes a man should wear to whether he ought to drink beer or butter-milk. Personally I don't want to "classify" myself as knowing all the right answers.

Music Clubs To Meet White Springs

WHITE SPRINGS — A program of intense interest to all music lovers will be staged here May 7-10 when the Florida Federation of Music Clubs and the Stephen Foster Memorial Commission stage the first All-Florida Folk Festival.

Purpose of the event is to help preserve our American heritage of folklore for future generations by utilizing it now when active participation and relief from tension is so genuinely felt.

Through the use of folks songs, music, dances and other lore it is hoped to create a better understanding of our Florida neighbors and of our world through the development of a keener sense of appreciation of the diverse cultural expressions which have been transplanted here from many lands.

Special emphasis will be placed on folks songs, music, dances and other folk expressions by the descendants of early settlers and the indigenous folk creations, German, English, Scotch, Irish and Welsh; and the folk traditions that have grown up in this country created by the negro, lumberjack, sailor, cowboy; and those of our immigrants who have brought to this country the native songs and dances of their own lands.

Universities, colleges, chambers of commerce, service clubs, Federated Music Clubs and other cultural and educational organizations of the state are urged to participate by sponsoring talent for the festival.

Matinee and evening performances are planned and participants will be given an opportunity to present their talents either as groups or individuals. These programs are designed to show a cross-section glimpse of the folk traditions of Florida and of other areas.

Detailed information concerning the program along with entry blanks may be secured by addressing Mrs. Lillian Saunders, chairman, Folk music and Festival Division, Florida Federation of Music Clubs, Stephen Foster Memorial, White Springs, Florida.
